

BINGO!

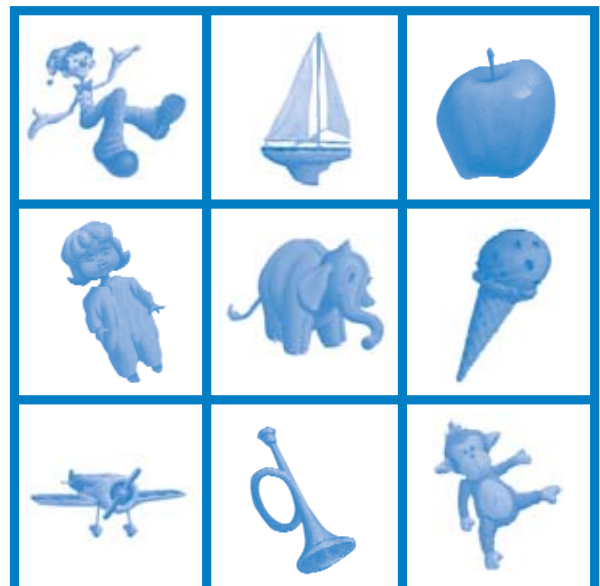

Photocopy the bingo boards below and hand out to your guests with a pencil or a marker (1 bingo board and 1 pencil/marker per player).

Make a copy of the boards for yourself. Cut your boards into individual tiles.

As the leader of the game, you will draw these tiles from a hat.

To play:

Draw the tiles from the hat one at a time. As you draw the tiles, tell the players the image that is on each one. They will mark that image with an x on their bingo boards. The first player to ex-out an entire row on their board (vertically, horizontally or diagonally) wins!
